EDUCATION

Indian Institute of Information Technology, Gwalior

Aug 2023 – Apr 2028

B.Tech + M.Tech in Information Technology

CGPA: 8.26 / 10

- **Relevant Coursework:** Data Structures & Algorithms, Operating Systems, Database Management Systems, Computer Networks, Object-Oriented Programming, Machine Learning

Dr Rizvi Learners Academy, Jaunpur

Apr 2021 – Mar 2022

CBSE Class XII Boards

93.2%

EXPERIENCE

Amazon ML Summer School'26

July 2026 – Present

Amazon (Remote)

- Selected for **Amazon's ML Summer School**, an expert-led program by Amazon scientists covering **8 rigorous modules** including Supervised/Unsupervised Learning and Deep Neural Networks.
- Gained industry-aligned ML expertise in **Sequential Learning, Reinforcement Learning, Generative AI & LLMs, and Causal Inference**, directly applicable to large-scale production systems.

PROJECTS

TrafficAI — Automated Traffic Violation Detection System

[GitHub](#) | June 2026

Python, YOLOv8, OpenCV, EasyOCR, FastAPI, Streamlit, SQLite, Docker

- Built an end-to-end computer vision system detecting and classifying **7 types of traffic violations** with license-plate OCR, processing each image in **~3 s on CPU**.
- Custom-trained YOLOv8 models per violation on **10,000+ Roboflow-annotated images**, achieving **~0.91 mAP@0.5** (93% precision, 89% recall) over a generic baseline.
- Delivered a decoupled **FastAPI REST API** and **Streamlit dashboard** with an adaptive OpenCV preprocessing pipeline; Dockerized and deployed live on Hugging Face Spaces.

CollabBoard — Full-Stack Real-Time Collaboration Platform

[GitHub](#) | May 2026

Next.js, React, Express.js, Socket.IO, PostgreSQL, Prisma, Tailwind CSS, Docker

- Engineered a full-stack workspace platform with a **Next.js** frontend and **Express.js** backend, enabling teams to manage projects and documents in a unified interface.
- Implemented live multi-user synchronization utilizing **WebSockets, Socket.IO, and CRDTs**, powering real-time chat and concurrent rich-text document editing.
- Architected a scalable relational database using **Prisma ORM and PostgreSQL**; orchestrated decoupled deployments across Vercel and Render using **Docker**.

IECR — Indian Entertainment Content Recommendation

[GitHub](#) | June 2025

React.js, Node.js, Express.js, MongoDB, Socket.io, Clerk, TMDB API

- Architected a full-stack entertainment platform with **real-time chat, friend requests, and live notifications** using persistent WebSocket connections on a Vercel + Render deployment.
- Secured the application with **Clerk authentication** and **RBAC**, with event-driven user sync to MongoDB via Inngest webhooks.
- Integrated the **TMDB API** to serve **275+ movies** and **39+ web series** with dynamic poster art, trailer links, and an interactive watchlist and rating system.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C, C++, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, FastAPI, Streamlit, Tailwind CSS, Socket.IO

Databases: MongoDB Atlas, PostgreSQL, SQLite, MySQL

Tools & Platforms: Git, GitHub, Docker, Postman, Prisma, VS Code, Vercel, Figma, Render, Hugging Face

ACHIEVEMENTS

- Solved **800+ problems** on LeetCode & Codeforces; **Pupil** on **Codeforces** (peak rating **1241**).
- Shortlisted in **Top 300 teams** nationally in **Amazon HackOn 6.0** | Secured **Top 1600 teams** nationwide in **Flipkart Gridlock 2.0**.
- **98.6 percentile** in JEE Mains | **AIR 16,000** in JEE Advanced.

LEADERSHIP & EXTRACURRICULARS

- **Batch Representative**, IIITM Gwalior — Coordinated academic and extracurricular communications between students and administration.
- Calling Team Member, **Aurora'24** — Managed outreach and coordination for one of IIITM's largest annual cultural events.
- **Bronze Medalist & Coordinator**, **Inter-IIIT Carrom** — Managed tournament scheduling for Twaran'25 and secured a national 3rd place finish in Twaran'26.
